

PLATE EXPOSURE SERIES

PE SERIES
(INSTANT LIGHT-UP 3000W)
TS- 96X120PE
TS-120X150PE
TS-145X165PE

PE-H SERIES
(INSTANT LIGHT-UP 6000W)
TS- 96X120PE-H
TS-120X150PE-H
TS-145X165PE-H

FEATURES AND BENEFITS:

- 1. Even Light Intensity**
 - ~ Equipped with reflector to ensure light spreading evenly.
- 2. Strong Machine Chassis**
 - ~ Every metal part is NCT-processed and powder-coated with 4 large drawers for storing films and plates.
- 3. Precision Integrating Light Meter**
 - ~ Ensure accurate and consistent exposure. Greatly eliminates distortion of screen lines arising from glass tube aging, unstable lighting up and fluctuating voltage. Ensure reliable exposure quality.
- 4. Two Step High-Speed Vacuum System**
 - ~ Adjustable vacuuming speed specially designed to cater for various plate material. Steady vacuuming suitable for high fidelity screening ruling.
